You are welcome to attend the  
3<sup>rd</sup> International Conference

**«NANOBIOPHYSICS:  
Fundamental and Applied Aspects»**

which will be held  
on **October 7-10, 2013**  
at B. Verkin Institute for Low Temperature  
Physics and Engineering of NASU,  
**Kharkov, Ukraine**

Current problems in a new scientific field combining biophysics and nanotechnology as well as its progress and prospects will be discussed during the following sessions:

1. Nanobiohybrids based on nanocarbon systems
2. Biomolecules on nanoparticles and nanostructured surfaces
3. Physical aspects of biomolecular nanosystems
4. Theoretical calculations and computer modeling of nanobiosystems
5. Applied aspects of nanobiophysics

The Program will include keynotes and oral lectures as well as poster presentations.

Book of abstracts will be published.

Young Scientist Prize will be awarded for the best oral and poster presentation.
